### **Letter of Recommendation for Nicolas Divischek**

To Whom It May Concern:

This is an earnest letter of recommendation for Nicolas Divischek.

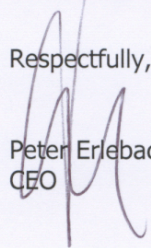

Nic has worked for Wohnnet Service GmbH since February 2008 as a video journalist, editor and motion graphics artist. During this time, he helped build Wohnnet Service GmbH to one of the best-known real-estate and commercial property video-web platforms in Austria and CEE countries. Due to vast user and client-demands, we constantly had to adapt our technical facilities to meet their needs, which Nic ably managed to handle and improve.

I have worked closely with Nic during this time and come to appreciate his technical skill and creative talents which I rate outstanding. He has exceptional knowledge in editing, design and camera systems. He found or helped to find solutions to some very difficult problems. Nic's personal skills and abilities are also excellent and he is greatly appreciated and respected by his co-workers for his good-sense of humor.

Nic is a hard worker, arriving early and staying until the work is done. We have had difficult real estate events to film, where it was necessary to produce, edit and upload fifty and more interviews and reports by the next day, which Nic ambitiously managed. This shows that he is very efficient, reliable and delivers the task before or on time.

I can comfortably recommend Nic for your consideration.

Respectfully,

  
Peter Erlebach

To Whom it May Concern:

I have had the pleasure of knowing Nicolas Divischek since his birth. He was raised in South Africa as well as in Austria, therefore has gained significant awareness of cultural differences at a young age. As a son of two Lions club members, Nic enthusiastically participated in raising donations for charities and actively helped his cousins' non-profit organization "Mustard Seed 1720" in South Africa.

He also developed a passion for art. On one hand, he is a dedicated musician and was part of one of the best-known choirs in the world, the Vienna Boys' Choir for four years where he also showed promising talent for the piano. On the other hand, he always had an interest in making movies and as long as I have known him worked consistently towards fulfilling his dream to work in the film-industry. As a film-student, he graduated among the top three in his class, while working part-time at Wohnnet Service GmbH, building the best-known internet video-platform for real estate and commercial property in Austria and CEE countries. His films were screened at two film festivals in Vienna, where his documentary won the audience choice award.

During multiple stays in South Africa at various Safari lodges, Nic developed a keen interest in nature; two distinctions at school in geography and biology and environmental studies prove this. His goal is to become a nature documentarian, which, given a chance, he surely will excel at.

Nic is intelligent, ambitious, dedicated, and personable with a good sense of humor. He is quick on his feet, with sensible reactions in all circumstances I have observed; therefore I feel confident in stating that I deem him capable of handling most any situation with thoughtfulness and maturity.
